W. Planholders

As a convenience to vendors, Leon County has made available via the internet lists of all registered planholders for each bid or request for proposals. The information is available on-line at <http://www.leoncountyfl.gov/Purchasing/Bid.asp> by simply clicking the planholder link to the right of the respective solicitation. A listing of the registered vendors with their telephone and fax numbers is designed to assist vendors in preparation of their responses.

X. Addenda To Specifications

If any addenda are issued after the initial specifications are released, the County will post the addenda on the Leon County website at <http://www.co.leon.fl.us/purchasing/>. For those projects with separate plans, blueprints, or other materials that cannot be accessed through the internet, the Purchasing Division will make a good faith effort to ensure that all registered bidders (those vendors who have been registered as receiving a bid package) receive the documents. The receipt of all addenda must be acknowledged on the response sheet.

III. SCOPE OF SERVICES:

Firms shall identify in their response to this Request for Proposals the categories of work for which they want to be considered. During the selection process, each firm will be evaluated and ranked as to their qualifications to provide the services for each category of work they have requested to be considered for. It is anticipated that up to three firms will be selected for each category of work, and

that firms selected for more than one category will have their work scope based on those work categories. Consultants under contract with the County will only be authorized to provide the services described in the work categories for which they were selected. Firms not selected for a work category will not be authorized to provide those services. In cases where a work assignment may bridge two categories, Leon County staff shall make the determination as to the work category that applies to the assignment.

All professional services to be provided under this agreement shall be performed by Professionals licensed to practice in the State of Florida and in strict compliance with the Consultant's Competitive Negotiation Act, 287.055 F.S. (CCNA). Consultants providing services under this contract shall at all times be knowledgeable of the limiting thresholds of the CCNA statutes and shall insure that full compliance therewith is maintained at all times. The administrative process, when work assignments are issues, will be as follows:

- Step 1 - County staff will contact the Consultant for a meeting to review the assignment and will describe the scope of services required in general.
- Step 2 - Consultant will prepare a detailed scope of services to be provided and a time frame for completion of various phases. Consultant will prepare a computation of fees to be charged for the services based on the approved hourly rates. These documents will be submitted to the County contact for review and approval.
- Step 3 - If acceptable to County staff making the assignment, County staff will issue a letter of authorization to proceed. There will be no new purchase orders or contracts issued for each work assignment as they all fall under this one agreement. The fee computation will be considered to be a limiting amount, not to be exceeded without subsequent approval by County staff.

The County may initiate an evaluation process to monitor the satisfactory performance of services under this contract. If so, the Public Works department will be the administrator of that process regardless of the departments or other governments for whom services are being provided. Consultants shall participate cooperatively in that process if initiated.

Consultants are advised that there are not, at this time enough assignments in all work categories to guarantee that a work assignment will be issued. It is anticipated that, over the life of this agreement, sufficient assignments will be developed but it is simply not guaranteed. Further, staff will endeavor to see that assignments will be evenly distributed among consultants in each category but, again, cannot guarantee that sufficient assignments will develop to guarantee that action.

Applicants should be aware that projects to be developed under this contract may have a construction value of from \$10,000 to almost \$1,000,000. Studies may have a fee of up to \$50,000. Information provided for consideration should bear these limitations in mind.
